Please have coloring supplies available in your home in case of homework assignments needing crayons. It may be necessary to ask your child to provide additional supplies at a later time. A student planner and communication folder will be provided to each student by the PTO. Both of these **MUST** be brought to school daily. Please plan ahead. Your cooperation is essential in helping your child start the new school year smoothly. **Students should have all supplies on the first day of school.**

Thank you very much for your cooperation,
Third Grade Teachers ☺
